Demands of the Budryk miners

Dear Sirs and Madams,

We are writing in solidarity with the workers who have been on strike at the Budryk mine since Dec. 17th. All workers deserve equal wages for equal work; this is usually guaranteed in all European countries. Therefore, their demands are totally justified.

We demand that this discrimination be ended immediately.

On behalf of the  
FAU Hannover

Hanover/Germany, 07.01.2008
